

FORT MEADE ALLIANCE RISING STARS NETWORK

Developing Community Leaders

Who are we?

We are emerging professionals in the diverse companies and organizations that make up the Fort Meade Alliance. Our mission is to develop and support world-class community leaders through engaging events and programs to enhance the Fort Meade region.

How do we make an impact?

- We support our community through philanthropy and service.
- We inspire the next generation through educational efforts in programs held in the Fort Meade region.
- Our Mentorship Program offers professional development and the opportunity to receive career advice from leaders in different industries.
- **We have fun!** We are all about planning events to encourage peer-to-peer networking. Whether you are new to the area, or new to the group, these events are a great opportunity to expand your network and strengthen existing relationships.

How can you get involved?

The following are programs and events open to FMA Rising Stars:

Educational Efforts

Girls who Code
STEM Core
